The Petrs produced by Petrs father were returned to him with endorsement No 882 issued on 23-9-95 i.e. 5 days before the date of this Petn.

As regards the prayer for refund of excess paid over the dry rate — effect has been given to the order conveyed in Govt. No 271-2 95-5-92 by recovering assessment at dry rate from 1889-90. Jamabandi Statement rec'd with Dy Comm's letter No 1433 of 17-6-95. In Petr No 419 of 4-8-93 Petrs father asked for refund of excess paid from 1884. He was informed of the purport of the order passed in the said proceedings and referred to the Dy Comm'r; and a copy of the endorsement sent to him was forwarded to the Dy Comm'r for needful early action and report vide Docket No 3892 of 24-8-93. No report has been received. The Govt order is however silent as to refund of excess paid prior to its date.

As regards the prayer for supply of water to Petrs lands by the construction of a branch channel, a report was called for in O/n No 1258 of 7-2-94 as to whether it was possible to do what was desired, & a reminder was sent to the Dy Comm. on 6-3-95. Report has not been received.

but to much inconvenience if they are made to wait for a long time for its cultivation; that the channel advanced as far as half a mile distant from his lands; that till the Engineering Department improve the channel, if the channel is extended by "the Kratti Kamagari" at a cost of 150 200 Rs, water may be supplied not only his lands but also that of other ryots & thus about 40 or 50 acres of land will come under wet cultivation & may be assessed accordingly.

Prays therefore that orders may be issued to the Ex: Engineer & the Dy: Commissr to extend the channel temporarily that if that proposal is not sanctioned, may be allowed to extend it at his own cost, at the same time the amount may be proportionately recovered from other ryots & may be paid to him or wet assessment may be recovered from other ryots on their lands & the same after deducting the dry assessment of the Govt may be paid to him till he recovers his cost.

SIR,

With reference to the Chief Secretary's Official Memorandum No Pol 1258 dated the 30th January 1894 forwarding for report the petition of Kalalé Varadachar of Mysore, praying for the construction of a branch channal to irrigate his lands in the Chattanahalli village of the Heggaddévan-Koté Taluk, I have the honor to state as follows:-

2. Survey Nos 65 and 66 in Chattanhalli village ~~are in the~~ enjoyment of the petitioner these lands were held before on wet assessment. On the complaint of the petitioner to the effect that the water supply was insufficient, wet assessment

was

was removed and dry assessment was imposed as water could not be supplied to those lands. The petitioner now prays that a branch channel may be opened to irrigate his lands as they were once wet.- But the Amildar, after personal inspection, reports that it is not possible to supply water to his lands as the holders of the present wet lands under the tank complain of insufficient supply of water to their fields. —

3. The petition received with the Memo: under reply is herewith returned. —

Adverting to previous correspondence ending with your docket no: 5022/P1052 dated 4/12 November 1895 regarding the petition of Kalale Varadachar residing at mysore praying for the refund of excess Kandayam paid by him on his lands survey nos 65 and 66 Chatnahalli village, Heggadadevankote Taluk, I have the honor to state that the petitioner's lands referred to above which had been classed and assessed partly as dry and partly as wet as per margin at the survey settlement which took place in 1884-85, have since been classed and assessed wholly as dry under the orders conveyed in Government Proceedings no: 2171-2/68 dated 4th May 1892 on the ground that the wet portions could not be supplied with sufficient irrigation.

2. I beg to enclose a statement showing the amount of assessment recovered from the petitioner from year to year since the Survey settlement. It will be seen that for each of the first four years commencing

from Tarana (1884-85) he paid the full dry and wet assessment of Rs 23 at the rates fixed by the Survey Department and for the next three years viz Sarvadhari (1888-89), Virodhi (89-90) and Vikruthi (90-91) a dry assessment at Rs 9 was levied on the entire survey nos under the orders of the Deputy Commissioner in anticipation of a re-classification of the wet portion of the lands being sanctioned by Government. This temporary dry assessment which was fixed with reference to the rates prevailing in the neighbourhood, continued to be levied till 1895-96 from which year a dry assessment of Rs 12 as finally fixed by the Survey Depart: ment is being levied on the survey nos: in question.

3. The petitioner prays for the refund of the amount paid by him for the four years 1884-85, 85-86, 86-87 and 87-88 in excess of the dry assessment of Rs 9 recovered from him, under the Deputy Commissioner's orders for the subsequent years up to the end of 1894-95 and this excess including proportionate local cess and interest (i.e. Rs 7-9-1) amounts to Rs 63-9-1.

4. The amildar reports that the petitioner's lands have been lying fallow since the survey settlement and I see no objection to the excess being refunded as prayed for, but I am of opinion that the petitioner is liable to pay dry assessment at Rs 12 as finally fixed by the Survey Department from the year of the settlement (i.e. 1884-85). If the

Government should agree with me, a sum of Rs 33 being the difference of dry assessment payable by him at Rs 3 for 11 years from 1884-85 to 94-95 together with proportionate local cess and interest, will have to be deducted from the amount of refund (i.e. Rs 63-9-1) claimed by him

5. On receipt of orders on this reference, a refund bill will be submitted for sanction.

6. The vernacular correspondence ending with the Heggadadevankote amildar's report No: $\frac{16}{20}$ dated 8th July 1898 is herewith submitted for reference and obliging return.

I have the honor to be
Sir,
Your most obedient Servant

GOVT OF MYSORE

(2-5-T (95)

Pro. of the Govt. of Mysore

Read:- L.R. 110-95

(1) Petition No. 1355 of 28-8-95 from Kalale Ramaswamaiyar son of Kalale Varadachar residing at Mysore praying for (1) the construction of a branch channel for the irrigation of his lands Nos. 65 and 66 of Chollanahalli village, Heggadevankote Taluk.

(2) the refund of Excess of Kandayam re-covered from him on the said lands.

(2) Letter No. 664 of 22nd November 1895 from the Dy. Comr. Mysore District submitting the records and reporting that it is not possible to supply water to the petitioner's lands as the holders of the present wet lands under the tank complain of insufficient supply of water to their fields.

(3) Letter No. 110 of 29th July 1895 from do. proposing to levy dry application of Rs. 12 per bond by Garcy objected from 4 & recommending the refund of the Excess to the petr. 4 by deducting a sum of Rs 33 being the difference of dry application payable by him at Rs 3/- for 11 years from 1884-85 to 1894-95 together with proportionate local cess and interest from the amount of refund viz. Rs. 63-9-1 claimed by him.

Order thereon:- R. 2195 / P.783-97 8/13.9.98

As regards the petitioners request for provincial branch channel in triplicate the Dy. Conservator reports that the construction of a channel is not feasible. The Govt. therefore decline to comply with the request of the petitioner.

As regards the refund of Excise the petitioner apparently claims refund of the difference between the wet assessment, and the dry assessment of Rs. 9 as fixed temporarily by the Dy. Conservator. His claim is untenable and the Dy. Conservator is requested to submit for sanction a refund bill on the basis proposed by him.
